

Old State House

By Walden Font, P.O. Box 871 Winchester, MA 01890
(800)519-4575

How to use your new font

To install your new TrueType Font for MS-Windows, follow these easy steps:

1. Start MS-Windows and insert the Diskette into your disk drive.
2. Open the Control Panel in the Program Manager
3. Click on the Fonts icon and choose Add.
4. Locate the Drives list. Click on it once and choose the drive that holds the diskette (usually a: or b:)
5. The font window will now display Old State House (True Type)
6. Make sure that the box Copy Fonts to Windows Directory is checked.
7. Select the font by highlighting it and click OK.
8. Restart MS-Windows

You can now use your font in any MS-Windows application that supports TrueType fonts. Should you experience difficulties, repeat all of the above steps carefully and refer to your computer/software documentation. If the problem persists, please contact support@waldenfont.com by e-mail or write to the address above. We will be happy to assist you.

Using Special Characters

Old State House contains several special characters, which are specific to the time. We also included digitized signatures of some prominent Americans. You can produce any of these characters by pressing the keys indicated below.

Character	Key	Meaning
f	<	ending-s, used to end syllables and words
ct]	ct-ligature
sh	\	sh-ligature
st	[st-ligature
M ^{rs}		Mrs.
M ^s	}	Miss, or Master
M ^r	{	Mr.
£	\$	The pound sign
Ÿ	#	“The”
ŷ	%	“the”
	^	John Hancock
	-	George Washington
	*	Benjamin Franklin
	+	Thomas Jefferson
